

PROFESSIONAL SEATING

Cavaletti Aura

Cavaletti Aura

Cavaletti Aura epitomizes precision and elegance. Its minimalist and contemporary design, minimalist and, at the same time, devoid of details. Because of this precisely so to name Aura is the ideal choice for those who want to adapt to the most diverse environments and circumstances.

CHARACTERISTICS

BACKREST

High-strength mesh with
flexible frame and construction
to prevent discomfort.

CUSHION

A single high-strength cushion
is responsible for providing comfort
everywhere from the chair's back
rest to base.

ARMRESTS

Spine-type mechanism
with sliding system to control
position of armrests and
automatic tension adjustment
according to the user's weight
without the need for manual
adjustment.

WHEELS

The wheels are fixed and follow the
rolling action, which is done for
flexibility of movement for the user.

WHEELS

Designed for maximum flexibility
and to allow easy movement, with
small wheels for easy
movement.

ADJUSTMENT

Adjustment controls are
seamlessly integrated into the
overall design.
