Production Time

- Products that use the New Colors will have a dispatch period of up to 30 days.
- It is recommended to ship orders with items in the New Colors separate from the regular items.
- For orders that have the normal items and items with the New Colors, the dispatch term will be considered for the longest time.

Price List

- To set the Sale Prices, for items that use the New Colors, use the Silver Option in the Price List.

Warranty Term

According to Paragraph 2 of Article 26 of the Consumer Protection Code - Law 8078 of September 11, 1990 "The right to complain about apparent defects or that are easy to verify expires in 90 (ninety) days, in the case of service provision and durable products". However, **Cavaletti S/A Professional Seating** extends the warranty of its products, for a period of **6 (six) years**, including the 90 (ninety) days of legal warranty, against manufacturing defects in the metallic structure and plastic parts with structural function. . And 1 (one) year for the other components and chrome finish, considering a work shift of 8 (eight) hours per day, by people weighing up to 110 kg, provided that normal conditions of use are observed, observing the Usage recommendations and Conservation of the product, contained in this Manual.

The warranty period is valid with the presentation of the invoice for the product and is counted from the date of issuance thereof.

For work shifts longer than 8 (eight) hours a day, the warranty time decreases proportionally, for example, for shifts of 12 (twelve) hours a day, the warranty is 4 (four) years and for shifts of 24 (twenty-four) daily hours the warranty is 2 (two) years.

This term COVERS:

Plastic parts with structural function and metal components with manufacturing defects.

This term DOES NOT COVER:

- Defects caused by improper use of the product, lack of minimum care, incorrect assembly or installation, maintenance performed by third parties without prior authorization from Cavaletti.
- Parts or components with natural wear due to the use of the product, such as: casters, regulators, bushings, gliders, fabrics, mesh, vinyl materials, natural leather, colored plastics, foams, and other coating and/or finishing materials.
- Difference in tone between coatings of products purchased on different dates.
- Deformations in foams used in seats and backrests of up to 10% of their original size are considered normal and appear with use.
- Damage caused by exposure to the weather, use of the product outdoors or with excessive humidity/temperature, as well as use on uneven floors.
- Chrome finish on plastic parts.
- Damage caused by natural accidents, such as flooding, fire; sea air, etc.;
- Damage incurred during transport carried out by the customer or carrier under the customer's responsibility.
- Changes made to the products by the owner and/or unauthorized persons.
- Materials supplied by the customer, such as fabrics or other materials that are not standard in the Cavaletti line.

In the event of a defect, in order to benefit from the guarantee, the consumer must contact the company where he purchased the product, bearing his invoice. A product will not be considered defective and Cavaletti will not be obliged to exchange it, if it is not installed or used as recommended in the instructions for use in this manual.

Cavaletti is at your disposal to clarify any doubts regarding its products and services, as well as to guide you in the best way on warranty procedures or on the conservation of your product.
