Certificate

To whom it may concern:

This is to certify that we have below products installed in our airport terminal:
Product description: Airport Bench
Product model: Lincoln LS-532
Seller: DIC S.A. de CV
Manufacturer: Leadcom Seating

All products are working satisfactorily. The service rendered by DIC to Seating is prompt and satisfactory. We are very happy with the purchase of the above-mentioned products. We would highly recommend the seller products to anyone.

Sincerely,

Ing. RODOLFO BURGUEÑO LOPEZ
JEFE DE OBRAS
AEROPUERTO DE MAZATLÁN, SINALOA

29th January 2018

To whom it may concern;

Alloyfold has represented Leadcom Seating for 10 years in the Australasian market. During this time Alloyfold has installed many auditorium seats and found Leadcom's products to be high in quality and durability.

Of note are the installations of 2000 LS-6618 seats in Auckland New Zealand in 2008 and 800 LS10601 seats in Sydney Australia in 2015. Both installations are without warranty or defect to date. The customers are very happy with the performance of the seats.

I have no hesitation in recommending Leadcom Seating for any auditorium seating project.

Kind Regards

Gregg Hagen

Satisfactory Performance Certificate

My concern:

For that we have been buying seating products from Leadcom Seating for many years and chairs from them in below locations:

Leadcom Albuquerque (13120 Central Ave SE, Albuquerque, NM 87123, USA)
Leadcom San Angelo (2020 N Bryant Blvd, San Angelo, TX 76901, USA)
Leadcom Colorado Springs (1818 Spring Water Pl, Colorado Springs, CO 80921, USA)

That I get to write a letter expressing appreciation for the excellent products and services provided. Leadcom provides not only honest, professional customer service but also high-quality seating solutions for us, which helps bringing phenomenal customer service in our cinemas over the past ten years. I would say purchasing seats from Leadcom was a success for us. I'm completely satisfied and would recommend Leadcom to everyone who is looking for public seating products.

CUSTOMER SERVICE EXPERIENCE

Pen Workers Seating Company (94 years in seating)

Congratulations to Leadcom Seating for its 20 year existence

Arnold Kacheni
MARKETING DIRECTOR

Congratulations to you for completing 20 years of success, tremendous growth and have built eminent goodwill for you tried to provide good quality products and services to customer marvelous and appreciable.

When you began your business there was lot of competition with your diligence and good quality product faced it and have market and have risen above all. It's our pleasure that we are years and we have always found fruitful results in our work exp

Companies like yours with a brilliant team of dedicated work environment can only aim for high results. Working with you value each and every transaction and deal.

Congratulations from all of us for your wonderful journey of 20 years of success and we hope the same for the future also. We hope your firm reaches to new heights in the coming days.

We wish you all the best for your future.

Lifelong friends, lifelong business

Mr. Sam Smith
Director
Trapholt-Luxembourg, Inc.

WOW time does really fly by so fast. Its hard to I passed since Julie and I first met Mr. Wu, Jason and Wu US to Guangzhou. Mr. Wu personally toured us through seating installations. We did not know these first meeting relationship and life long friendships. After several year invited us to attend the company new year party for the first

Julie and I did not know what to expect. We were very, the party were like a big happy family. The party was a lot so many people for the first time that have also become o us during the party he was surprised and very happy we our relationship was more than business, we were truly friends company new year party we have attended all the parties adventures, a lot of fun and good food with our Leadcom!

As the years passed Jason was right, our relationship customer to truly good friends and family and partners. I lot through these many years. In the early years the seats the US market were smaller cinema models. Now the sea work with Sophie daily to sell. The factory we first toured. factory of today shows how Leadcom has truly grown seating factory in the world allowing us with the factory deadlines.

Our factory engineers have always amazed us with their innovations that has allowed us to always offer the latest and greatest seating products as the years passed. We believe their latest luxury seating models are their greatest work so

ENTERPRISES, INC.

--- WORKING TOGETHER

Mr. Frank D. Garavelli
CEO
Garavelli Enterprises, Inc.

It is my immense pleasure to be invited to express my congratulations to all the employees and management of LEADCOM for reaching the 20th anniversary of designing, marketing and manufacturing top quality products that provide comfort around the world. This happened due to the management of Leadcom creating and having a long term growth plan in different seating market segments with a global perspective.

Having worked with Vivien on my first visit to Leadcom in 2004 and with Jason, the sales staff and attending factory meetings, conferences and world expo's I've been privileged to see Leadcom's incredible growth into a World Leader in all market segments.

Leadcom understands their markets and customer needs and provides the marketing to attract, new customers, architects, designers and end users.

FACTORY

The remarkable factory investments by Leadcom made the growth possible along with the vertical integration adding new manufacturing equipment to the advantage of all marketing segments. In addition to automation and technology as well as testing equipment to meet global standards.

PRODUCT ENGINEERING

Product design plays an important part in the success of new product introductions that competes with the competition. Leadcom is focusing on and adapting to the changing requirements by adding re-charging power to the seats and areas around the departure lounges in airport, railway stations, cruise ship terminals and small businesses.

CUSTOMER SERVICE & SALES

Leadcom designed a great customer service department that makes it possible to meet every architect's design specifications or end users configuration requirements. Today's markets are totally different than five years ago with new seating options and electronic features.

Mr. Mauricio Pacifico

S&M Comercio e Servicos LTDA

It has been an incredible experience working with Leadcom in the past 4 years. Leadcom counts on great professionals in both sales and production, which guarantee us a great service and certainty that we will receive a quality product. Especially the commercial team led by Mr. Jason and Mrs. Vivien, are very efficient, friendly and solicitous, always acting with agility and professionalism.

Congratulations to Leadcom for its 20 years of existence and for maintaining a very efficient team to meet us, achieving the state of the art in products and service. CONGRATULATIONS!

Mr. Esayas Woldemariam

Managing Director

EY International FZC

Thank you for your confidence in us and good words. We also have the confidence in your product and we look forward for better opportunities to work together.

And I would like to also inform you that the client is very happy with the product and they are proud of it.

Mr. GREGG HAGEN

Managing Director

ALLOYFOLD, COMMERCIAL SEATING AND FURNITURE

It has been such an enjoyable experience working with Leadcom over the past eight years, thank you for being such a great partner and supplier. I wish Leadcom all the best for the future and look forward to many more years working together.

Mr. Lodewijk Conrads

Owner

Bsatead

Dear All,

My seating experience with Leadcom Seating,

Time flies already ten years since I have been working with Leadcom, or is it even longer!

Our cooperation started after having a few visits of me to Leadcom China. The warm welcome of Jason and his team was the start of our first business with Leadcom. In the years to follow I had the experience to work with a professional sales team and always a swift response time for handling questions. I hope we will expand our business in the upcoming years. In the last years we had to less time to meet up and have a drink together so I hope we can celebrate together to toast on the Leadcom anniversary and of course not to forget to toast on our health and happiness!
