

MARKANT

Lita

Elegant and functional

The Lita chair is unique. It offers a perfect blend of adaptability and functionality with a touch of elegance, making it the ideal choice for various environments. The essence of its effective design lies in the attention to the thickness of the material and the injection molding process.

Lita 4-leg

The Lita 4-leg features a 16mm steel frame for a sleek and streamlined appearance. With a polypropylene seat shell and a curved steel base, this chair is a beautiful addition to lunchrooms or meeting spaces.
